Fig 1.

Input number of rotations.

Is this rotation correct? (yes/no)

3x counterclockwise rotations

Fig 2.

Draw ROIs ("New ROI" to start)

'New ROI' to draw first ROI   [New ROI] [Finish]

Draw ROIs ("New ROI" to start)
Draw ROI 'Insertion Points (anterior --> inferior)'

Right click to close ROI,
'New ROI' to proceed   [New ROI] [Finish]

Draw ROIs ("New ROI" to start)
Draw ROI 'Endocardium'

After all three ROIs are closed,
'Finish' to confirm   [New ROI] [Finish]

Inferoseptal
Anteroseptal
Anterior
Anterolateral
Inferolateral
Inferior

Insertion Points (anterior --> inferior)
Epicardium
Endocardium

ROIs and segmentation will be displayed,
input 'yes' if you are satisfied and 'no' to redraw
